APPLICATION FOR DEDUCT METER

OWNERS NAME: _____ OWNER PHONE: _____
STREET ADDRESS: _____ OWNER EMAIL: _____

- ☐ I understand there will be two (2) water meters at the property; one meter will register all water entering the property and the second will capture only outdoor usage not contributing flow to my active sewer system. Outdoor usage captured by the second meter will not be subject to sewer usage fees.
- ☐ I understand that outdoor fixtures NOT contributing to the sewer system may be connected to the deduct meter supply line. This includes irrigation systems, outdoor spigots, and outdoor showers not connected to sewer system. All devices and fixtures connected to the deduct meter MUST be completely isolated from the domestic water supply line.
- ☐ All cross connections must be eliminated, and backflow prevention device must be installed on the irrigation system BEFORE the deduct meter is installed and remain in compliance with MassDEP Regulations 310 CMR 22.22.
- ☐ I understand that the deduct meter, installation (see diagram), plumbing modifications, and testing requirements shall be at my expense and conform to all applicable plumbing codes and town regulations.

5/8" meter costs: \$268.55 plus tax

I have read and agree to the terms presented and I am aware that costs and terms are subject to change.

Owner signature: _____ Date: _____

PLUMBER NAME:		SUBMITTAL DATE:	
PLUMBER PHONE:		PLUMBER LICENSE #:	

BACK FLOW DEVICE INFORMATION: TYPE : ☐ RPZ ☐ DC ☐ PVB

MAKE: _____ MODEL: _____ SERIAL #: _____ SIZE: _____

- ☐ I will check that all cross connections are eliminated, and a backflow prevention device is installed on the irrigation system BEFORE the deduct meter is installed and remain in compliance with MassDEP regulations 310 CMR 22.22.
- ☐ I will install the deduct meter at the property listed on this application **within 10 business days** of the date on this application, in accordance with all plumbing codes, regulation **and the diagram provided.**

ATTENTION

In the Centerville – Osterville- Marstons Mills Water District deduct meters must be installed within the plumbing AFTER the main water meter!!

ALL WATER ENTERING A PROPERTY IS TO RUN DIRECTLY THROUGH THE MAIN WATER METER FIRST!

DO NOT cut into the plumbing before the main meter to create a separate line for irrigation!!
Under no circumstances is the existing main water meter to be tampered with or moved.
